

Soup Supper helps SJS Foundation

Once again we would like to thank John Hornberger for remembering the Stevens - Johnson syndrome Foundation. For the past few years John and his sister Ellen have been preparing soup for their annual soup supper and sending the proceeds to the SJS Foundation. The entire extended Hornberger family continue to join him in his efforts.

John suffered from TENS and has always said that God spared him for a reason. He has dedicated his life to spreading SJS Awareness and volunteers as a Pennsylvania Support Group Facilitator as well as being a wonderful chef! This year Ellen made SJS lighthouse cupcakes in addition to her homemade chicken noodle soup. Lisa and Donna Hornberger prepared vegetable soup. The Furmano Foods helped by donating a case of northern beans while CATV advertised the event held at St. Peters church.

John as you may remember never stopped pursuing a resolution for SJS Awareness month in Pennsylvania and with the help of Representative Kurt Masser House Resolution 402 was unanimously passed. Thank you John & Ellen and all the volunteers for your continued support!
